Think of it like playing a video game with a guide, or going on a guided tour when you go on vacation. That's not cheating - that's just sensible precautions . Sure, you think, but isn't blackjack a game, and wouldn't a winning strategy be against the spirit of that game? If you're thinking that, then, my friend, you are nobler than most players . The world might need more people like you - but you need to change your approach if you want to have your best chances to win at Blackjack. First, though, let's take you through some basics of deck Blackjack terminology and Blackjack strategy, as you'll need to know what these words and phrases mean in order to decipher what our Cheat Sheet tells you. Soft hand: This is when there is an ace in your hand, meaning there is no chance of you busting after the draw. The ace can be 1 or 11, but your hand must not total more than 21. Here are those soft combinations: A2 - 13 (13 or 3) A3 - 14 (14 or 4) A4 - 15 (15 or 5) A5 - 16 (16 or 6) A6 - 17 (17 or 7) A7 - 18 (18 or 8) A8 - 19 (19 or 9) - almost always stand A9 - 20 (20 or 10) - always stand! An ace with 10 or a face card is an unbeatable blackjack. Hard hand: The combined total of any two cards not containing an ace. Here are the possible hard hands: 9-7 (hard 16) 8-6 (hard 14) 10-7 (hard 17) It's riskier to draw with a hard hand, as there is more chance of busting. Hit: drawing another card. Stand: when your hand is good enough. Double down: this is when you, or another player, increase the wager. This Cheat Sheet alone won't make you a winner. This Cheat Sheet helps you to understand the basics and shows you how to play a hand well. It tells you when to take a positive risk and when to hold back.
