Free Chips. This type of promo gives you free money to wager at an online casino without making a deposit. They are typically small amounts, around \$20 – \$25. Free chip bonuses might be game-specific or limited to a single wager. Sometimes there are also no rollover requirements to meet.

Free Spins. These deals give you a set number of free spins on a specific slot machine. It's not uncommon to get 50, 70, or even 100 spins. There may be rollover requirements. Free spin promotions are usually tied to deposit bonuses. So you might have to deposit \$10 – \$20, but the value is still there.
