Play in seamless portrait or landscape mode and enjoy real money mobile slots with lightning fast loading times.

How to play The Goonies. Select your bet level and spin to begin Match up 3 or more symbols along the 20 potential paylines to win real cash Land 3 or more Scatter symbols to unlock 1 of 6 exciting bonus features The skull play button will glow on any random spin and activate up to an additional 6 thrilling bonus games Gamble your bonus features for the chance of selecting another of the 6 available. Pay table symbols. Bonus symbols. Wild Substitutes all symbols except scatter. Scatter 3 or more awards One Eyed Willy's Bonus feature. Bonus features. One Eyed Willy's Riches - On any random spin, the skull above the spin button will glow and activate one of the bonus features. There are 6 different features that could activate including:

Feature Name	Description
Truffle Shuffle Wilds	Wilds can overlay on the reels and transform symbols into Wild symbols
Data's Colossal Symbols	As the reels spin, 3 reels have the chance to merge together into a colossal single reel containing a giant symbol.
Mikey's Hidden Riches	Any reels can be transformed into a reel filled with Wilds
Mouth's Lucky Coins	Chooses a payable symbol to become the mystery symbol. For every mystery symbol landed, they will transform into the selected payable symbol to create wins.
One-Eyed Willy's Bonus Boost	Adds additional bonus symbols to the reels to activate the free spins modes
Sloth's Win Spin Guaranteed	to award a big win spin. Bonus Mode. If 3 or more scatter symbols appear anywhere on the play board you'll activate the One Eyed Willy's Bonus feature lets players spin a wheel to play one of 6 bonus rounds. Don't like the game you land on? Why not gamble your bonus round for a chance to move up the ladder and work your way towards the coveted One Eyed Willy's Treasure. The potential bonus games are:
Fratelli Hideout	- Pick from 1 of 3 keys to add a cash bonus, collect to end the feature or the hidden tunnel which will give you another spin on the bonus feature wheel. The mode continues adding values until either the collect or hidden tunnel are picked which will end the feature.
Skeleton Organ	- Pick keys on the organ to reveal an icon. Each icon will match to a specific multiplier which will add to the total feature win. If you unveil an Upgrade symbol, then all multipliers are increased for the duration of the feature. Watch out for the skull and crossbones symbols as, if you find 3, the feature ends.
Super Sloth Free Spins	- You will be transported to a new set of reels filled with the dastardly Fratelli family. On every spin, if a Super Slot symbol appears, then any Fratelli symbols on the reels are transformed into the top paying payable symbol. At the end of the spins, you have a chance to pick 1 of 3 chests which will either collect your winnings, retrigger the Super Slot Free Spins mode, or instantly unlock the One-Eyed Willy's Treasure bonus feature.
Goonies Go Wild Free Spins	- At the start of each spin, one of the top symbols on the reels has the chance to transform into a Wild symbol with more appearing on each spin. At the end of the feature, you can pick from 1 of 2 doubloons for the chance to retrigger the feature or collect your winnings. If the feature is retriggered, you will be awarded 5 free spins with all Goonies symbols being Wild.
Inferno Free Spins	- The Inferno will move along the reels with the chance of turning an entire reel into a Wild reel. At the end of the feature, you have the chance to spin the wheel and gain the chance to collect your win or re-trigger the feature.
One-Eyed Willy's Treasure	- Multiplier values will be spun with the landed multiplier being added to the total win. This will continue until the booby trap symbol is landed where the final multipliers will be collected and paid.

The Goonies Slot Series. The Goonies Jackpot King- The Goonies gang is back and One-Eyed Willy isn't the only one with royal hordes of treasure to give out.
